

Cascade Christian Schools International Host Family Commitment Form

Over ten years ago, Cascade Christian Schools began accepting international students to come and study at our school. Our International Student Program has grown from a few students each year to more than 40 from a variety of countries. We pride our success to the partnership we have created with our students, agencies, host families, natural parents and teachers. The role of the host family is integral to the success of the international student while they study in high school. They will depend on their host family for guidance, love, patience and understanding as they navigate daily through the culture differences constantly present.

We are looking for host families to take on this important role of teaching and training (Proverbs 22:6) their students to discover their purpose before God (Jeremiah 29:11-13). The ideal host family will treat their student with the same love and respect they have for their own child.

Some commitment and support qualifications:

- Agree with and support the Core Principles (Purpose, Values, Mission, and Character Traits), Statement of Faith and Educational Philosophy of Cascade Christian Schools and are willing to help your international student live according to them
- Become familiar with-and support- the guidelines listed in the Parent/Student Handbook
- Encourage your student the habits of punctuality, thoroughness, neatness, honesty, resourcefulness, independent reading and study
- Encourage your student to participate in school projects, programs, parties, physical education and other school activities to develop skills and relationships
- Worship regularly with your student in a local Bible-believing church

- Able to demonstrate a healthy marriage
- Able to resolve conflict without making pre-determined opinions
