ANNUAL HEALTH COMPLIANCE BOOKLET

A copy of the annual health compliance booklet which includes the Summary of your Benefits & Coverages (SBC), Glossary of Health Coverage and Medical Terms, and Annual Compliance Notices will be provided separately and may be requested at any time.

[2026 Health Compliance Booklet - Cascade Christian Schools](#)

If you (and/or your dependents) have Medicare or will become eligible for Medicare in the next 12 months, a Federal law gives you more choices about your prescription drug coverage. Please refer to the Medicare Part D Notice section of the Annual Health Compliance Booklet for more details.

WELCOME!

We value our employees and strive to provide benefit options that enhance the overall quality of life. The benefits offered are designed to provide a comprehensive benefits package for you and your family. We encourage you to take time to review this Benefits Guide to educate yourself about your benefit options and choose the best coverage to fit your needs. Full details of the plans are contained in the summary plan description (SPD), which govern each plan's operation.

Please choose and/or change your benefits carefully as you will not be able to revise your benefit elections until the next Open Enrollment period unless you experience a qualified life event during the plan year.

ELIGIBILITY

If you are a full-time employee who works a minimum of 30 hours per week you are eligible to enroll in the benefits described in this guide.

Coverage is available the first of the month following or coinciding with their date of hire.

DEPENDENT ELIGIBILITY

You can enroll your dependents in plans that offer dependent coverage. Eligible dependents are defined as your legal spouse, state registered domestic partner, and dependent children to age 26.

HOW TO ENROLL:

Eligible employees will receive information from their HR Department with detailed instructions for how to enroll for benefits.

Elections you make during the open enrollment period will become effective January 1, 2026 through December 31, 2026

MAKING CHANGES

Unless you have a qualifying event, you cannot make changes to the benefits you elect until the next open enrollment period.

If you experience a qualified "change in status," you must make any associated enrollment or benefit changes within 30 days of the event except for a Medicare or Medicaid entitlement event, in which case you must make changes within 60 days of the event.

Qualified changes in status include:

- + Change in legal marital status (marriage, death of spouse, divorce, legal separation)
- + Change in number of dependents (birth, death, adoption, ceases to satisfy eligibility requirements, child support order)
- + Change in employment status
- + Loss of certain other health coverage
- + Medicare or Medicaid entitlement
- + Significant cost or other coverage changes
- + Family Medical Leave Act (FMLA) leave of absence, reduction of hours
- + Exchange/Marketplace enrollment

Important! Please note that there are several conditions and/or limitations that apply to the events listed above. Please contact Human Resources if you have any questions or believe that you may qualify for an election change.

CONTROLLING HEALTHCARE COSTS

The rising cost of health insurance is a concern for all of us.

Here are tips on how you can help lower the cost of health insurance:

- + Use in-network providers. You will receive higher level of benefits from providers who participate in the network.
- + Request generic rather than brand name prescription drugs.
- + Consider seeing your family physician rather than a specialist.
- + Exercise and maintain a proper diet. The healthier you are the less vulnerable you are to disease, reducing doctor's visits and prescription medicines.

To find an in-network medical care provider visit:

www.kp.org/wa & select your plans network, or contact them at 888-901-4636

HEALTH SAVINGS ACCOUNT (HSA)

HealthEquity

When you are enrolled in a Qualified High-Deductible Health Plan, you have the advantage to contribute pre-tax dollars into a Health Savings Account (HSA) to pay for eligible medical expenses.

HSA Maximum Contributions: 2026 Tax Year

The IRS places an annual limit on the maximum amount that can be contributed to HSA's. The current limits are as follows:

- + Individual Coverage: \$4,400
- + Family Coverage: \$8,750
- + Individuals age 55+: additional \$1,000 catch-up contribution per year

HSA Things you need to know:

- + Annual limits apply to HSA contributions:
- + The amount is federally mandated and different for individual and family HDHP coverage.
- + Contributions exceeding the maximum limits become taxable as income.
- + Withdrawals used for non-qualified expenses are taxable as income and subject to 20% penalty.
- + Changes to contributions can be made at any time throughout the year, contact HR/Payroll for guidelines.

Who is eligible to open and fund an HSA? Anyone who is:

- + Covered by a qualified HDHP;
- + Not covered under another medical plan that is not a qualified HDHP - including Medicare, Medicaid, TriCare, VA and/or a Health Care Flexible Spending Account (FSA); and
- + Cannot be claimed as a dependent on another individual's tax return

Check out IRS publication 502 on www.irs.gov for a complete list of eligible expenses.

FLEXIBLE SPENDING ARRANGEMENT (FSA)

HealthEquity

FSAs enable you to put pre-tax dollars aside for important expenses, and help you reduce your income taxes at the same time.

There are two types of FSAs:

+ Health Care FSA

- + Covers expenses towards health care copays, deductibles, orthodontia, over-the-counter medication, dental, vision benefits, and more!
- + 2026 Annual Maximum Contribution: \$3,400

+ Dependent Care FSA

- + Covers childcare expenses, before and after school care, nursery school, day camps, etc. for dependent children under age 13, or a dependent who is physically or mentally unable to care for themselves.
- + 2026 Annual Maximum Contribution: \$7,500

Things to note:

- > If you are enrolled in a high-deductible health plan with an HSA, the IRS prohibits you to enroll in a traditional Flexible Spending Account.
- > You must actively re-enroll in either FSA Plan each year. You are not automatically re-enrolled.
- > Check out IRS publication 502 & 503 on www.irs.gov for a complete list of eligible expenses.

FSA funds are “use it or lose-it”!

Choose your contribution amounts wisely.

Your plan includes a rollover/carryover benefit. If you still have money in the account at the end of the Plan Year (December 31, 2026), up to \$660 of your unused balance will carry over into the new FSA plan year.

Any remaining amounts are forfeited.

- + Payments will last for as long as you are disabled, or until you reach 65 or your Social Security Normal Retirement Age, whichever comes first.
- + Certain exclusions and pre-existing condition limitations may apply.

RATES & CALCULATION

Long Term Disability Rate (Rates are expressed as a percent of covered monthly earnings)	
Age	Rate

Here's how to calculate your monthly premium:

> **Step 1: Calculate your monthly salary**

$$\frac{\$ \text{Annual Salary}}{12} = \$ \text{Monthly Salary}^*$$

*use \$xx if your monthly salary exceeds \$xx

> **Step 2: Calculate your monthly premium**

$$\frac{\$ \text{Monthly Salary} \times \text{Your Age Rate}}{100} = \$ \text{Monthly Premium}$$

For a full listing of the covered benefits, please contact your HR Department for copies of the Benefit Summary and Booklet. The text contained in this summary was taken from various summary plan descriptions and benefit information. While every effort was taken to accurately report your benefits, discrepancies or errors are always possible. In case of discrepancy between this benefits page and the actual plan documents, the actual plan documents will always prevail.

WASHINGTON STATE PAID FAMILY & MEDICAL LEAVE

FOR EMPLOYEES: What you need to know

If you are unable to work due to an illness or injury and want to file a disability claim with your insurance, there are some important things to keep in mind.

How long will benefits last?

Washington Paid Family & Medical Leave (WAPFML) provides up to 12 weeks of medical leave benefits per year.

Am I eligible for Washington Paid Family & Medical Leave?

You must have worked 820 hours in your qualifying period (about 16 hours a week). Full-time, part-time, temporary and seasonal work counts. All hours you work in Washington state count towards eligibility, even if you work multiple jobs or switch employers. Visit www.paidleave.wa.gov for more information.

What if I have a Short Term Disability policy?

Your disability plan may provide a similar number of weeks; however, you should contact the carrier's customer service or review your plan booklet to confirm the number of short term disability weeks available.

In general, insurance carriers will assume that you are taking WPFML concurrently with any disability and will automatically reduce your benefit by the anticipated WPFML you would receive.

If you do not qualify for WPFML, the insurance carrier will reinstate your full benefit upon receipt of documentation that you are not eligible or that WPFML benefits have been denied.

Your particular situation will determine the actual number of weeks you are approved, for both WPFML and your Short Term Disability.

What if I have Long Term Disability?

For most people, WPFML and LTD will never overlap. If your approved WPFML does overlap slightly with an LTD claim, benefits will continue to be reduced until your WPFML benefits have been exhausted. Once WPFML benefits are exhausted, your full disability benefit would be reinstated. It will not be necessary to provide additional documentation at the end of the WPFML because that will have been collected during the time you were on STD.

If you have Long Term Disability, without a Short Term Disability benefit, you will still report the WPFML benefit as income being received. You should indicate when the WPFML benefits are expected to end, and it would be beneficial to include a copy of your WPFML benefit letter to confirm the benefit expiration date.
